

Sports Grant Statement 2018-2019

Marshland St James received approximately £16000 per year plus £10 per pupil Sports Grant funding for the financial year 2017-2018 The school's Sports Grant allocation for this year is again for £16000 plus £10 per pupil.

The money is being used to fund the quality of physical education provision in our school. We aim to increase the physical activity within the school and to improve the accessibility to a wide range of PE and sports.

Number of Eligible pupils	88
Funding Rate	£16000 plus £10 per pupil
Total amount Received	£16880

How have has the money been used?

The funding this year has been used to:

- To fund the PE subject leader to receive specialist training in order to improve the quality of PE being taught within the school.
- To facilitate high quality NPECTs PE and sports training for a member of the support staff.
- To fund classroom cover for the PE subject leader to plan for the development and monitoring of physical education throughout the school.
- To fund extra-curricular clubs to ensure that every child in the school has the opportunity to take part in a range of activities that improve health and well-being.
- To fund extra curricula sporting activities to improve accessibility to a range of different sports
- To support and develop the participation of children in Marshland Cluster sporting events.
- To work with the Schools Sports partnership in order to access high quality coaching and to access a range of sporting events.
- To develop pupil confidence and well-being through outdoor and adventurous activities.

2017-2018			
Number of Eligible pupils: 88 Funding rate: £8000+£10 per pupil Total amount received: £16880			
Objective	Activity	Cost	Impact
To improve resources to support the delivery of PE	Boost current provision for multi skills at both dinner time and PE lessons where appropriate	£1000 Cost of coach per term £500x3= £1500 Total- £2500	Increased uptake of pupils accessing lunch time club

Estimated cost of materials £1000 Staff release time £16.5x 30=£495 Total= £1495	Wildlife area accessible to all children and being used as a teaching resource

What has the impact of the funding been in school?

PE is delivered by confident and well qualified members of staff.

Additional extra curricula activities are very popular with over 70% of children voluntarily attending at least one of the sporting clubs over the past academic year. There has been an increased participation in sporting activities for cluster events and children taking part in sporting events outside of school. Children are enthusiastic and keen to take part in Cluster events with 40% of Key Stage 2 children representing the school at a sporting tournament during the last year.

2018-2019

Over the next academic year the money will continue to be used to fund and support PE professional development for members of staff and to ensure that there continues to be a focus on increasing childrens physical activity. We also want to improve activity and participation in physical activity at lunchtimes and after school. We will also be using the money to further develop the outside areas for the children to access such as the wildlife area and the pond. We will also be running a cookery club to teach children about healthy eating.

We also want to give the opportunities to develop well-being and self confidence in physical activities. This year we are ensuring that all the Year 5 and 6 have an opportunity to take part in a residential to a PGL venue. We will also be taking our Year 2 and 3 children on a short residential as well, using the PE grant to subsidise the cost of the activities.

This year we have also joined the local Sports partnership programme and they will be providing us with high quality coaching sessions and sporting opportunities. They will also be taking over the bike ability training for our KS 2 children.

2018-2019			
Number of Eligible pupils: 88 Funding rate: £16000+£10 per pupil Total amount received: £16930
