

Sports Grant Statement 2019-2020

Marshland St James received approximately £16000 per year plus £10 per pupil Sports Grant funding for the financial year 2019-2020. The school's Sports Grant allocation for this year is again for £16000 plus £10 per pupil.

The money is being used to fund the quality of physical education provision in our school. We aim to increase the physical activity within the school and to improve the accessibility to a wide range of PE and sports.

Number of Eligible pupils	95
Funding Rate	£16000 plus £10 per pupil
Total amount Received	£16950

How have has the money been used?

The funding this year has been used to:

- To fund the PE subject leader to receive specialist training in order to improve the quality of PE being taught within the school.
- To fund classroom cover for the PE subject leader to plan for the development and monitoring of physical education throughout the school.
- To establish links with the west Norfolk Schools Sports partnership (SSP) in order to access high quality coaching and to access a range of sporting events.
- To participate in a wide range of external sporting opportunities aimed at involving all pupils regardless of ability or age.
- To fund extra curricula sporting activities to improve accessibility to a range of different sports
- To support and develop the participation of children in Marshland Cluster sporting events.
- To fund extra-curricular clubs to ensure that every child in the school has the opportunity to take part in a range of activities that improve health and well-being.
- To develop pupil confidence and well-being through outdoor and adventurous activities

2019-2020			
Number of Eligible pupils: 95 Funding rate: £16000+£10 per pupil Total amount received: £16950

	<p>Total Committed for 2018-2019: £11,829</p> <p>Amount still to be allocated: £5121</p>		

What has the impact of the funding been in school?

PE is delivered by confident and well qualified members of staff.

Additional extra curricula activities are very popular with over 80% of children voluntarily attending at least one of the sporting clubs over the past academic year. There has been an increased participation in sporting activities for cluster events and children taking part in sporting events outside of school. Children are enthusiastic and keen to take part in Cluster events with 40% of Key Stage 2 children representing the school at a sporting tournament during the last year. We were able to run healthy eating and well-being clubs throughout the year with nearly 80% of children attending the Little Chefs club.

The school has also managed to achieve the Gold award for contribution and participation in the Schools games.

2019-2020

Over the next academic year the money will continue to be used to fund and support PE professional development for members of staff and to ensure that there continues to be a focus on increasing childrens physical activity and participation in sporting events. We will utilise the SSP provision to help us access the School games. We would also like to develop further ties with the Wisbech grammar school to develop stronger sporting links, Through the use of external coaches we will be able to raise the profile of sports within the school and enable children develop more confidence in their sports skills in both KS1 and KS2. This will also enable the children to experience a wider range of sporting activities and provide them with the equipment to be able to participate in these sports. We will be running the water confidence sessions again in KS1 and ensuring that there is also life-saving taught at KS 2.

Healthy eating and Well-being Clubs will continue to be run to promote good nutrition and reinforce the benefits of being active.

We also want to give the opportunities to develop well-being and self confidence in physical activities. PGL venue. We will also be taking our Year 1, 2 and 3 children on a short residential as well, using the PE grant to subside the cost of the activities.

2018-2019			
Number of Eligible pupils: 88 Funding rate: £16000+£10 per pupil Total amount received: £16930			
Objective	Activity	Cost	Impact Outcome
